**Detailed findings & methodology:** CEOWORLD magazine surveyed 250,000 business executives, graduates, global business influencers, industry professionals, business school academics, employers, and recruiters in 176 countries and territories between September 15, 2024, and January 22, 2025. Ten percent of the interviews were conducted by telephone, 82% online, and 8% by post or face-to-face. All quantitative interviews were conducted on a confidential basis, without relying on institutions' data submissions.

To establish our list, we collected information and statistics from publicly available sources, research, and surveys. Participants were asked to rate institutions on a scale of 1 "marginal" to 100 "outstanding" or "don't know." The 2025 Global Business Schools survey was carried out by CEOWORLD magazine, the website for CEOs, COOs, CFOs, senior corporate executives, business leaders, private equity investors, investment bankers, and high-net-worth individuals worldwide.

The rankings are based on seven primary metrics of quality and reputation. The overall Score (100%) is the sum of the following:

- 1) Academic reputation
- 2) Admission Eligibility
- 3) Job placement rate
- 4) Recruiter feedback
- 5) Specialization
- 6) Global reputation and influence
- 7) Annual tuition and fees
